

Children, in the previous class we went over some of the bad habits we can change. We should work towards forming only good habits.

We may still have many more bad habits, which can be changed.

Let us change the following habits if we have them.

Being afraid of asking questions
to the teachers or elders.

Buying anything made of animal products.

Feeling proud of what we have.

Answering back to our
parents, elders and
teachers.

Making fun of others.

Fighting with others.

Calling names.

Wasting water.

Wasting food.
